ENGLISH FOR ENGINEERING

2 WEEK ONLINE COURSE: 17 - 28 JANUARY 2022

English for Engineering is for learners of English who study Engineering at university and who want to develop their English skills for group project work, writing up reports of projects, and presenting the results of projects.

Focus on language and communication skills specific to engineering
Learn how to write an appropriately structured report for an engineering project in English

Develop project work and presentation skills for engineering
Gain accuracy and confidence in expressing your ideas in clear and concise ways.

Expand your international engineering network
Meet key University of Auckland Faculty of Engineering staff and students in lectures, workshops and faculty tours

About the University of Auckland:
- Top 100 in the 2022 QS World University Rankings and New Zealand’s top-ranked university.
- The ELA is the English language school of the University of Auckland

About the Faculty of Engineering:
- Ranked 39th in the world for Civil and Structural Engineering
- 1st in New Zealand in Chemical, Electrical, Civil, Structural, and Mechanical Engineering.
ELA Online courses are powered by Canvas, the world's leading learning management system, and supported by Zoom for a fully integrated learning experience.

Students experience a wide range of online/offline learning interactions; discussion forums, pair and group work in ‘breakout rooms’, and shared document collaboration in small classes.

The ELA offers individualised tutoring and feedback on progress at different points of the course with easy access to virtual academic counselling by appointment.

**Course Days and Times**
This is a two week course.
Classes are from Monday to Friday.
Classes are from 13.00 NZT - 17.15 NZT
