NEW ZEALAND

New Zealand is a modern, English-speaking country with a rich culture, known internationally for its beautiful natural landscapes and the culture of its native Māori people.

Located in the South Pacific Ocean about 2,200km east of Australia, New Zealand has two main islands – the North Island and the South Island. Similar in size and shape to the United Kingdom or Japan, New Zealand has a relatively small population of around 4.7 million people, making it one of the least crowded countries in the world.

New Zealand has been strongly influenced by Māori culture, its historic links as a British colony and by more recent migration mainly from Asia and Pacific Island nations. New Zealand people have a reputation for being warm, welcoming and friendly to visitors.

Quick facts

LARGEST CITY:
Auckland (population 1.65 million)

DIVERSE PEOPLE:

“The most beneficial part of the ELA pathway course was learning not only the use of academic English but also skills that are relevant to university courses, e.g., how to find and understand academic sources, and how to write a proper academic essay. I was able to interact with my teachers and classmates in full English every day, which made me increasingly confident to speak English. ACADEMIC ENGLISH

Academic English will help you improve your English language skills to prepare you for study success at university. This course provides you with opportunities to develop your independent learning strategies and individual needs in listening, speaking, reading and writing.

If you wish to improve your IELTS band score, you may choose to tailor your Academic English course with a preparation elective class. Students can take an IELTS test upon completion of the course at the ELA’s test centre.

If you wish to improve your English for future tertiary studies, you may choose to tailor your Academic English course with a university preparation skills elective class.

Course length
Students can take more than one block of 10 weeks depending on their needs. Each block is 10 weeks; except Summer School, which is 7 weeks. 200 hours.

Entry requirements
You will be tested on your first day to determine your class level. There are four levels of English for Academic Purposes (EAP) offered:

<table>
<thead>
<tr>

A recent IELTS, PTE Academic, or TOEFL score may be given as evidence of level, but if there is a significant difference between this and the placement test score, the Academic English manager will determine the appropriate level for the student.

If you are below the level required for Introduction to English for Academic Purposes, your enrolment will be changed to the General English course to build your language foundations.

“At the ELA, I have felt a real progression in my level of English. My fluency has improved and I receive constant feedback on my pronunciation from the teachers. A really nice part of this experience is that I have made a lot of international friends – after I finish at the ELA I have my friends from Brazil!”

Pierre Montel, France
GENERAL ENGLISH

General English will help you improve your ability to communicate in English in social and work situations and progress to other ELA courses.

The course focuses on the development of communication skills with a balance of speaking, listening, reading and writing tasks. You will learn through class activities, individual, pair and small group work.

From Intermediate level, you can choose an elective to focus on a particular subject or skills in order to tailor your course to meet your learning goals. The elective classes are dependent on level and student demand. They may include: Communication Skills, Business English and IELTS preparation.

Course length
Flexible; minimum enrolment of 3 weeks. 20 hours per week.

“I’m really grateful to the ELA as the teachers gave me the grammar and communicative English needed for my profession. I improved my confidence at the ELA and it was so important I studied there, as my teachers always encouraged me. I feel that if this wasn’t part of my journey, I wouldn’t be working here at the University in the kind of career I studied for in my home country.”

Entry requirements

A native or near-native level of English is required for entry onto this course. Applicants need to successfully complete a language awareness task and interview.

“We did a lot of in-classroom teaching. That really helped consolidate what I learnt during the input sessions at the ELA. Although all teaching practices were in-person, we also got to do some online. That really helped me become more flexible.

The highlight of the course was getting into the classroom and teaching students. The course was really fast-paced, and it pushed you to improve your teaching and try to apply what you learnt during the input sessions.”

Dylan, New Zealand

“This course was perfect for me as it was an introduction to the teaching world. They provide you with teaching techniques so you can develop your own skills. By doing a lot of classroom activities, I learnt how to create my own lesson plans and developed my classroom management skills, which was very important.

The teaching practice is really rewarding when you can give a good class, and you feel that your students are able to improve their English. If you really want to become a teacher one day this is the first step.”

“The time I spent studying at the ELA in Auckland was life-changing. It was my first experience studying away from home and after ten months, I not only felt more confident, but also more curious about the world. Being able to live with a homestay family was an invaluable experience. They treated me as a real member of the family and taught me about Kiwi culture. Communicating with them allowed me to practice my everyday spoken English outside of the classroom.

Auckland has a great multicultural urban atmosphere and is surrounded by beautiful beaches and bush. It’s well located for weekend and day trips, and during my time here I went jet boating, kayaking, bungee jumping in Taupo, and caught ferries to nearby islands such as Rangitoto and Waiheke.”

SUPPORT FOR STUDENTS

There are many support services available to you during your time at the ELA.

Orientation
On your first day, our friendly team will provide an orientation programme to help you with your studies and your life in Auckland. They can assist you with public transport, banking, mobile phone connection and all you need to start your experience in New Zealand.

Pastoral care
Our Student Services team can help you with any issues you may face while studying at the ELA.

The ELA has agreed to observe and be bound by the New Zealand Government’s Code of Practice for the Care of International Students. For more information on the Code or student support services, please contact us at ela@auckland.ac.nz

Academic support
You can always make an appointment to meet a senior teacher to talk about your study and your progress. Our senior teachers are highly qualified English language professionals with postgraduate teaching qualifications and will be happy to support your study goals.

Online support
For online courses, an online orientation and an online IT workshop takes place before each course. During the course, students can access both academic and pastoral support services.

Access to the University of Auckland
As a student of the ELA, you are able to access the University’s Recreation Centre at a discounted price. You also have the option to join one of the University’s many student clubs during your time at the ELA. Along with the pastoral care provided by the ELA, you can also access the Student Health and Counselling services at the University’s City Campus.
**ACCOMMODATION**

**Homestay**

Homestay accommodation is a great way to learn about New Zealand culture and to practise your English in a friendly and relaxed environment. Many students choose to stay in a homestay for the duration of their course. Others choose to stay for the first few weeks and then find alternative accommodation when they are more familiar with living in Auckland.

In a homestay you live with a family, have your own room, and main meals are provided. Most homestays are within 30-60 minutes from the ELA by public transport.

**Apartment accommodation**

If living in a homestay isn’t for you, our Accommodation team can help you find an apartment close to the ELA. Information on these services is available on the ELA website: [www.ela.auckland.ac.nz/accommodation](http://www.ela.auckland.ac.nz/accommodation)

For more information about ELA organised accommodation, please visit our website.

Generally you should allow approximately NZ$450 - $550 per week for living costs, including accommodation, food and transport.

**STUDENT SOCIAL ACTIVITIES**

ELA students are encouraged to join the weekly social activities and special events, organised by our Activities Coordinator. These are a great chance to practice English and meet other students outside class hours. The activities are weather dependent and vary by time of year but can include BBQs, football games, zoo trips, indoor rock climbing, horse riding and even bungee jumping!

To see some examples of our exciting student activities, check out our Facebook page: [www.facebook.com/uoaela](http://www.facebook.com/uoaela)

**Weekend Trips**

We also work closely with local tour companies who offer students a wide range of weekend activities and sightseeing options around New Zealand. Popular destinations include the Hobbiton (Lord of the Rings) Movie Set, the Bay of Islands and Rotorua.
WORKING IN NEW ZEALAND

While studying
When you are studying at the ELA, you may also be able to work part-time. This will depend on the conditions of your visa.

Our Student Services team are happy to advise you about finding part-time work in New Zealand.

You can also look on Student Job Search, which is an online job board that matches students with employers: www.sjs.co.nz

Workshops
Our Work Ready Workshops are designed to assist you in looking for and preparing for work, both in New Zealand and in a wider context. They are one-hour weekly sessions available to all ELA students, and are offered at both higher and lower language levels. The aim of these sessions is to provide a ‘hands-on’, practical approach to work readiness, and includes themes such as:

- Writing Effective CVs and Cover Letters
- Job Interview Skills and Mock-Interview Practice
- Work Rights in New Zealand
- Finding a Job in New Zealand
- Coping in the Workplace: Communication, Team Work & Problem Solving
- Employability Skills

As well as equipping you with work-related skills and knowledge, these workshops give you the opportunity to further practice your English language skills through speaking, listening, reading and writing.

ESSENTIAL INFORMATION

Student visas
Depending on your nationality and length of study, you may need to apply for a student visa before entering New Zealand. Full details on the necessary reporting requirements are available through Immigration New Zealand, and can be viewed at: www.immigration.govt.nz

Visa renewal assistance
The ELA Enrolments team can assist you with visa extensions and any queries.

Travel and health insurance
All international students are required to have insurance while studying in New Zealand. The ELA uses Allianz Global Assistance NZ Ltd as its preferred insurance provider. Enrolled students will be charged Allianz’s Studentsafe University insurance premium when enrolment is completed.

The Allianz Studentsafe University insurance fee must be paid unless the ELA approves the use of an alternative insurance provider. You are required to have approved insurance for the duration of your study, regardless of the type of visa you have. Your insurance cover is automatically renewed when you re-enrol in a course.

If you have an insurance policy that is compliant with the requirements of the New Zealand Government’s Code of Practice for the Pastoral Care of International Students, you will need to submit evidence of compliant insurance cover to qualify for an insurance fee waiver. For a list of compliant policies and further information, please see the ELA website: www.ela.auckland.ac.nz/insurance
